BHS Members,

The Center for Mental Health, Telluride Medical Center, and Uncompahgre Medical Center were unable to spend their funds we granted no cost extensions through December 31, 2021. Originally, we agreed that if these orgs could not spend their grants, they would have to return the money. However, each organization has reached out to say they are still relying on the funding to deliver the behavioral health services originally agreed upon. How does the Panel feel about offering another extension to these orgs? It would not add any additional dollars to our budget as the funds were already allocated for.

Voting by email and not at this month's meeting as the orgs need to know ASAP if they are allowed to continue using funds.

We will need a motion, and votes from all members. If you are affiliated with one of the entities listed, please vote in this from: Yes/No for the motion to allow no cost extensions to the listed orgs, abstain from [your org].
